su_note note_color="ffffff" text_color="000000" radius="5"]Mark Steele, a weapons system expert, patent writer, inventor, and nuclear research technology officer said that 5G technology is a killer. He says it will intentionally disrupt and change the world if it is allowed to be rolled out. The goal is to have it completed by 2030. He says 5G is intended for more than surveillance, monitoring, social credit systems, crowd control, and mood and psychological control – it is a weapon. Technology is becoming something that we must interface with in order to access the world, and people can be locked out of the system. The choice to be addicted to technology lies with us.[su_note]

veritas 3 years ago RF waves over 1 Ghz are absorbed ~99% by biological systems. Look up barrie trower who has great info on this subject. There are many articles referencing the dangers of RF radiation. here is one such article in my Radio antenna handbook! -Caution! Microwave RF energy is dangerous to your health! Anything that can cook meat can also cook you! The US government set the safety limit for microwave expose at 10mW/cm2 averaged over 6 minutes; some countries use a level 1/10th of the US standard. The principal problem is tissue heating and eyes seem especially sensitive to microwave energy.... Read more»
